

QUICK COMPARISON CHART				NOTES
TECHNOLOGY	INDIBA	WINBACK	WINTECARE	
MADE IN EUROPE	✓	✗	✓	Technology being researched, developed and manufactured in its original areas
MAXIMUM POWER OF THE SYSTEM IN WATTS	200	100	300	Wintecare resulting the most powerful device
MAXIMUM POWER OF THE SYSTEM IN VOLT AMPERES	350	300	450	Wintecare resulting the most powerful device
VOLTAGE BASED CONTROL SYSTEM	✗	✗	✓	The most accurate, precise and shock-free system for delivering energy
MAXIMUM CURRENT DELIVERED (AMPERE)	1.33	0.67	2	The current is the main responsible of methabolic reactions
AUTOMATIC CONTROL AND ADJUSTEMENT OF THE APPLIED CURRENT	✗	✗	✓	Wintecare resulting the safest and most efficient delivering system
FULL AND DETAILED INFORMATION ON LCD	✗	✗	✓	Operator having access to all information, leading to highest level of control and efficacy
LOTION FREE CAP ELECTRODES	✗	✗	✓	Highest efficiency in energy delivering, grip to the patient's body, manual technique easily applicable, no undesired side temperature effects
LOTION FREE RES ELECTRODES	✗	✗	✓	Highest efficiency in energy delivering, grip to the patient's body, manual technique easily applicable, no undesired side temperature effects
DIATHERMIC FIBROLISERS	✗	✗	✓	A must have tool for chiropractors
> 3 SCIENTIFIC STUDIES PUBLISHED ON IMPACT FACTOR JOURNALS	✓	✗	✓	Evidenced based effects of the technology
EVIDENCE BASED POWER ABSORTION	✗	✗	✓	Wintecare resulting the only one having proved and measured the current flow behaviour in different body parts
ERGONOMIC HAND PIECES	✗	✓	✓	Easier, faster and less tiring working conditions
DOSIMETRIC APPLICATION	✗	✗	✓	Wintecare being the only one guaranteeing the exact amount of joules transferred to the body with evidenced based cell proliferation effects
WELL-KNOWN BRAND IN HIGH LEVEL SPORTS	✗	✓	✓	Wintecare being the only one participating at World Championships events at hospitality houses of major sports brands (Nike, Asics)
SCIENTIFIC BASED WORKING FREQUENCY (0.448 MHz)	✓	✗	✓	85% of published studies about CRET technology based on this specific frequency
MULTIPLE ACCESSORIES	✗	✓	✓	For multiple different applications, both operator's dependant and stand alone modes
LARGE PLATE RETURN ELECTRODE	✓	✗	✓	No side temperature effects, higher efficiency on the active electrodes
CONTINOUS ENERGY DELIVERY (NO PULSED SYSTEM)	✓	✗	✓	Smoother and more efficient delivering system
CURRENT CONTROL DEPENDING ON APPLICATION MODES	✗	✗	✓	Wintecare having firmware and software control limiting, where necessary, the amount of transferred energy, safest system
HYPER CONDUCTIVE CREAM	✓	✗	✓	Avoiding superficial side effects of temperature increases
PERSONALIZED TRAINING PROGRAMS	✗	✓	✓	Specific trainings for specific customer's needs and ambitions
STAGE FOR CLIENTS DURING INTERNATIONAL SPORT EVENTS	✗	✗	✓	Amazing experiences for customers
WIDE RANGE OF ELECTRODES SIZES AND SHAPES	✗	✗	✓	A large set of tools for any needs and specific targeted clinical results
CONVEX ELECTRODES BOTH RES AND CAP	✗	✗	✓	Allowing the best surface contacts for any body parts
HYPOTHERMIC ELECTRODES	✗	✗	✓	When comes the need to work with no temperature applications (i.e. acute inflamation status)
HYPERTHERMIC ELECTRODES	✗	✗	✓	When comes the need for focused high temperature increases (i.e. trigger points)
CABLES DETACHABLE FROM HANDPIECES FOR EASY REPLACEMENT	✗	✗	✓	Lower costs for customers, quicker resolution of any problems
PORTABLE DEVICE WITH TAILOR MADE TROLLEY	✗	✓	✓	For frequent travelling customers or onsite or home care work
HIGH PRECISION VOLTAGE ADJUSTMENTS	✗	✗	✓	Allowing the highest efficiency in modulating the applied tension
SWISS QUALITY	✗	✗	✓	Switzerland being worldwide recognized for that
QUICK ACCESS TO HEADQUARTER SUPPORT AND ASSISTANCE	✓	✗	✓	International team, mid-size company, human to human relationship
COSMETIC PRODUCTS	✗	✗	✓	Better, faster results for the operator, recurrent revenues for agents/distributors
BRANDING KIT	✗	✓	✓	Customizing own clinic becoming part of an international team
